INSTAGRAM CAMPAIGN

What we do

From 10 October to 2 November 2026 we ran one daily Instagram operation. A video is made, put on creator accounts, and then carried onto political pages and meme pages the same day. The point is to set the narrative, and to answer the other side while the subject is still live.

01

UGC videos

Creators post the video on their own accounts. We use every size, from under 20,000 followers to 500,000 and above, so the line is not stuck on one kind of page.

02

Three posting lanes

The same subject then moves on Insta Political, Insta Meme and Insta Meme Premium. Political says it straight. Meme makes it travel.

03

One job

Set the narrative. Counter the other narrative the same day. Keep the count and the views on the record.

What we achieved

TOTAL VIEWS

105.99 million

2,393 pieces in 24 days. 412 UGC videos and 1,981 posts.

26.34 million

UGC views across 412 videos. Average 63,932 views a video.

79.65 million

Post views across 1,981 posts. Average 40,207 views a post.

NARRATIVES WE RAN

What we put out

1. **CJP protest**
   The protest line, carried on UGC and on posts.
2. **Amit Shah exposes Rahul Gandhi**
   The Shah line, pushed the day it was live.
3. **Failed rally at Ramlila Maidan**
   Rahul Gandhi's rally, shown as a failure.

WHAT WE COUNTERED

What we answered

1. **The CJP protest narrative**
   Answered on the same day, not after it cooled.
2. **The rally as a show of strength**
   Ramlila Maidan was countered with the failure line.
3. **The Rahul Gandhi line**
   Met with the Amit Shah exposure posts.
